

2nd International Workshop on Future Internet and Smart Networks

Middlesex University, London, UK, 13 September 2016

14:00- 16:00	<i>Policy-Based Management for Smart Mobility -</i> Teresa Vazão , J. Gomes and R. Chaves
	Invited Talk
	<i>Named Data for Mobile AdHoc Networks</i> A. Filipa Pereira, M. João Nicolau, António Costa , J. Macedo and A. Santos
	<i>Optimizing Load Balancing Routing Mechanisms with Evolutionary Computation</i> Vitor Pereira , M. Rocha and P. Sousa
16:00- 16:30	Coffee Break
16:30- 17:30	<i>A Survey on Vehicular Communication Technologies</i> Bruno Ribeiro , A. Santos and M. João Nicolau
	<i>Data Similarity Based Dynamic Node Clustering Using Bio-Inspired Algorithm for Self-Organized Wireless Sensor Networks</i> M. Misbahuddin and Riri Fitri Sari
